

PRESS RELEASE

2022 Half Year Financial Report

Roubaix, April 14th 2022 – OVHcloud has published its 2022 half-year financial report.

This half year financial report is available on OVHcloud’s website in [Investors Relations](#) section.

The following documents are included in the half-year financial report:

- the 2022 half year activity report ;
- the condensed consolidated financial statements ;
- the auditors’ review report ;
- the declaration by the person responsible for the half-year financial report.

About OVHcloud

OVHcloud is a global player and Europe’s leading cloud provider operating over 400,000 servers within 33 data centers across four continents. For 20 years, the Group has relied on an integrated model that provides complete control of its value chain—from the design of its servers, to the construction and management of its data centers, including the orchestration of its fiber-optic network. This unique approach allows it to independently cover all the uses of its 1.6 million customers in more than 140 countries. OVHcloud now offers its customers latest-generation solutions combining performance, price predictability and total sovereignty over their data to support their growth in complete freedom.
